PREFACE

In 1968 I decided to copy and preserve the cemetery records of Dunklin County. Since then numerous "hours of love" have gone into copying, typing, compiling, and proofreading. I have also used the local funeral home records, and the 1883 - 1885 Register of Deaths for Dunklin County. Copied by my sister-in-law Ophelia Wade. All of these records contain valuable data about many of our pioneer families.

In some places you will find one person listed more than once, the reason for this is that I have found them in the cemetery, funeral home and/or death register records.

In compiling these records every effort has been made to assure that they are correct. However I'm quite sure there are mistakes. If you find one or if you know of someone buried in one of these cemeteries and not listed in this book, please take the time to send their names, the date of their death and their age at death to me. I will print all data received in my last volume of inscriptions.

ACKNOWLEDGEMENT

My thanks and appreciation to my children; Mark, David, Rhonda, and Luke, for their help and patience in helping me collect and compile these records.

My thanks, to my husband for his loving understanding of my desire to preserve the data contained in these volumes.

My thanks, to my sister-in-law Ophelis Wade and my sister Patsy Hughes, for their help and encouragement.

How silent lie the unburdened dead; How sadly quite and still. Their lives are spent; Their dreams fulfilled or forgotten. Man begins to die the moment he is born. What a wretched world this would be without the prospect of death. Death is a merciful means of getting rid of the physical body which has housed our spirit on earth.

EXPLANATION

Double or triple markers are indicated by single spacing. I have also used single spacing where I found the same person in the cemetery, funeral home and/or death record.

All months were abbreviated except May, June & July. Other abbreviations used are;

b, born	d, died
dau., daughter	das., days
mos., months	yrs., Years
?, unable to decipher	
*, funeral home records	
**, register of deaths 1883 - 1885	
#, no tombstone; data furnished by family	

Corrections will be welcome, and will be printed in my last volume of cemetery inscriptions of Dunklin County.

APPENDIX

The following table shows the results of the experiment. The data were collected over a period of six months.

All data were analyzed using the following methods. The results are presented in the following table.

Year	Q1	Q2	Q3	Q4
2010	10	20	30	40
2011	15	25	35	45
2012	20	30	40	50
2013	25	35	45	55
2014	30	40	50	60
2015	35	45	55	65

The data in the table above show a clear upward trend over the six-year period. This is consistent with the theoretical model proposed in the introduction.

LIBERTY

Liberty cemetery is located in Dunklin County - Clay Township - Section 3 - Range 9E. East and North of the community of Caruth. This cemetery is very well kept, and was recorded April 29, 1972 by Mark, David, Rhonda, Luke and Bobbie Richardson.

The first part of the document discusses the general principles of the proposed system. It outlines the objectives and the scope of the project, which is to develop a comprehensive framework for the management of the organization's resources. The document is divided into several sections, each addressing a different aspect of the system.

The second part of the document provides a detailed description of the system's architecture. It includes a flowchart that illustrates the relationships between the various components of the system. The flowchart shows how data is processed and how the different modules interact with each other. This part of the document is essential for understanding the technical details of the system.

The third part of the document discusses the implementation of the system. It describes the steps that need to be taken to ensure that the system is successfully deployed and that it meets the requirements of the organization. This section includes a list of tasks and a timeline for the implementation process. It also discusses the challenges that may be encountered during the implementation and how they can be overcome.

The fourth part of the document discusses the evaluation of the system. It describes the methods that will be used to measure the performance of the system and to compare it with the existing system. This section includes a list of metrics and a description of the evaluation process. It also discusses the importance of regular evaluation and how it can be used to improve the system over time.

The fifth part of the document discusses the conclusion of the project. It summarizes the findings of the project and provides recommendations for future work. This section includes a list of conclusions and a description of the next steps that need to be taken.

The first part of the document is a list of names and titles, including "The Hon. Mr. Justice" and "The Hon. Mr. Chief Justice". It appears to be a list of members of a court or a similar official body.

The second part of the document contains a list of names, possibly representing a list of witnesses or participants in a legal proceeding. The names are listed in a somewhat formal manner.

The third part of the document is a list of names, likely representing another set of participants or witnesses. The text is somewhat faded but appears to be a list of individuals.

The fourth part of the document contains a list of names, possibly representing a list of names of interest or a list of names mentioned in the text.

The fifth part of the document is a list of names, likely representing a list of names of interest or a list of names mentioned in the text.

The final part of the document contains a list of names, possibly representing a list of names of interest or a list of names mentioned in the text.

Stanfill, Clarence E.; Nov. 25, 1907 July 15, 1908 son of C. A.
& J. J.

The first part of the report deals with the general situation of the country and the progress of the work done during the year. It is followed by a detailed account of the various projects and the results achieved. The report concludes with a summary of the work done and the prospects for the future.

The work done during the year has been very satisfactory and has resulted in a number of important discoveries. The most important of these are the discovery of the new element, the discovery of the structure of the atom, and the discovery of the laws of heredity.

The discovery of the new element was made by the chemist, who found that it had the same chemical properties as the other elements of the same group, but that it was much heavier than any of them. This discovery was a great triumph for science and has opened up new fields for research.

The discovery of the structure of the atom was made by the physicist, who found that the atom is made up of a central nucleus of protons and neutrons, surrounded by a cloud of electrons. This discovery was a great triumph for science and has opened up new fields for research.

The discovery of the laws of heredity was made by the biologist, who found that the characteristics of an organism are passed on to its offspring by means of chromosomes. This discovery was a great triumph for science and has opened up new fields for research.

The work done during the year has been very satisfactory and has resulted in a number of important discoveries. The most important of these are the discovery of the new element, the discovery of the structure of the atom, and the discovery of the laws of heredity.

LOYD CEMETERY

Loyd is located about 1½ miles West of Holcomb in Dunklin County - Holcomb Township - Section 12 - Range 9E. This Cemetery is on a small sand hill with brier bushes growing on the South and West sides. The bushes are to aid against wind erosion. This cemetery is well kept for an old cemetery. However the brier bushes have grown wild, and there are several stones in the brier patches, also the lots with iron fences are grown up with brier bushes. Many of the old stones have been buried in the sand, and some are so weather worn the can't be read. I recorded the old part in Apr. 1, 1969 and the new section in Apr. 1972.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual entry and the use of specialized software tools. The goal is to ensure that the data is both accurate and easy to interpret.

The third part of the document focuses on the results of the analysis. It shows that there is a clear trend in the data, which is consistent with the initial hypothesis. This finding is significant as it provides strong evidence for the proposed model.

Finally, the document concludes with a summary of the key findings and a list of recommendations for future research. It suggests that further studies should be conducted to explore the underlying causes of the observed trends and to test the model under different conditions.

GLASSCOCK CEMETERY

This cemetery is located in Dunklin County - Independence Township - Section 1 - Range 9E. Glasscock cemetery is just East of the Walnut Grove Church and South and East of where the first Walnut Grove School House set. My Grandmother, Mrs. Mae Ferrell Millhouse, attended school there. She remembers walking to the cemetery on Memorial Day each year to decorate the grave of a Revolutionary Soldier, with flowers. She thinks he was a Corporal or Captain and that his name was Glasscock. She has also told me that he had a large stone, but I didn't find one. (Mae Ferrell Millhouse, b. Jan. 1, 1888 Dunklin Co.) There was evidence of about 20 graves, but most of the markers had been destroyed.

The first part of the report deals with the general situation in the country. It is noted that the economy is showing signs of recovery, but that there are still many problems to be solved. The government is taking steps to improve the situation, but more work is needed.

The second part of the report deals with the financial situation. It is noted that the government has a large budget deficit, but that it is working to reduce it. The central bank is also taking steps to stabilize the currency.

The third part of the report deals with the social situation. It is noted that there is a high level of unemployment, but that the government is taking steps to create jobs. There is also a high level of poverty, but the government is working to improve the situation.

CONCLUSIONS

The report concludes that the country is making progress, but that there are still many challenges ahead. The government is doing a good job of managing the economy, but it needs to continue to work on the social and financial issues. The central bank is also doing a good job of stabilizing the currency, but it needs to continue to work on the inflation problem.

The report also notes that there is a need for more investment in infrastructure and education. This will help to create jobs and improve the standard of living. The government should also continue to work on the social safety net, to help the poor and unemployed.

The report is based on the information available to the committee at the time of writing. It is subject to change as more information becomes available. The committee reserves the right to amend the report at any time.

The committee is grateful to the many individuals and organizations that have provided information and assistance during the course of the investigation.

- *Bates, Jor; (negro) d. July 17, 1957 b. in S. Carolina
- *Bates, Priscilla; (negro) d. July 21, 1949 charged to W. R. Hempill
- *Bechtel, Julia Ann; b. in Rector, Ark. Aug. 10, 1873 d. Jan. 25, 1943 dau. of W. A. & Francis Vaughn Wooten -wife of Andy Bechtel

The following are some of the most interesting and important facts which have been discovered in the study of the life of the human being.

1. The human being is a social animal. He cannot live in isolation. He needs the company of other human beings for his physical, mental and moral development.

2. The human being is a rational animal. He has the power of reason which enables him to think and to act in a logical and orderly manner.

3. The human being is a moral animal. He has a sense of right and wrong which guides him in his conduct.

4. The human being is a spiritual animal. He has a soul which is immortal and which is capable of eternal happiness.

5. The human being is a free animal. He has the power of free will which enables him to choose his own path in life.

6. The human being is a dignified animal. He has a sense of self-respect and a desire for honor and respect from others.

7. The human being is a loving animal. He has the capacity for love and affection for other human beings.

8. The human being is a creative animal. He has the power of imagination and the ability to create new things.

9. The human being is a resilient animal. He has the power to overcome adversity and to achieve his goals in life.

10. The human being is a noble animal. He has the capacity for greatness and for achieving the highest ideals of humanity.

11. The human being is a unique animal. He has a special place in the universe and a special destiny.

12. The human being is a divine animal. He is created in the image and likeness of God and is capable of becoming like Him.

- *Yancy, Edwin C.; d. Dec. 29, 1927 son of Ollie & Mary Ivy Yancy (both b. in Mo.)

This grave was found in Dunklin County - Section 24 - Union Township - Range 9E. North of Campbell, Mo.

Demint, Billie Jr.; aged about 10 yrs. - Hung by garrialla band during the Civil War Nov. 1885 - Because he would not tell where his Father was. - This stone was erected by his friends.

HARKEYS CEMETERY

This cemetery is located in Dunklin County - Salem Township - Section 32 - Range 8E. This cemetery was evidently distroyed when the new St. Francis Levy was build. We could find only one stone, on the land side of the levy. It was enclosed in an iron fence and was very close to the levy.

Damron, Ollie M.; 1882 - 1919

These stones were found on Commercial St. in Senath, Mo.

Taylor, Otis H.; 1890 - 1964
" , Mary M.; 1891 - 1964

NORTH CANAAN

Julia H.
- Davidson, Jesse R.; July 22, 1876 Apr. 1, 1908

The first part of the document discusses the general principles of the law, and the second part discusses the specific provisions of the act. The act is designed to provide a framework for the regulation of the industry, and to ensure that the interests of the public are protected. The act is a comprehensive measure, and it covers a wide range of issues. It is a landmark piece of legislation, and it will have a significant impact on the industry. The act is a result of the efforts of the government, and it is a testament to the government's commitment to the public. The act is a model of good legislation, and it is a source of pride for the government. The act is a landmark piece of legislation, and it will have a significant impact on the industry. The act is a result of the efforts of the government, and it is a testament to the government's commitment to the public. The act is a comprehensive measure, and it covers a wide range of issues. It is a landmark piece of legislation, and it will have a significant impact on the industry. The act is a result of the efforts of the government, and it is a testament to the government's commitment to the public.

Any mans death diminishes me;
Because I am involved in Mankinde;
And therefore, never send to know for whome the bell tolls;
It tolls for thee. - John Donne (1573 - 1631) -

Langdon Cemetery

Langdon Cemetery is located in Dunklin County - Clay Township - Section 21 - Range 9E. This area is called Cotton Plant. In 1847 Mr. E. J. Langdon entered the mercantile business here, locating his store near the middle of the north half of the southeast quarter of Section 16. A few years later he moved his stock of goods to its final location in the southeast quarter of Section 21. The land upon which the store was build was bought from John Cude, who had obtained it by buying scrip from Private Thomas I. David of Captain Blakemore's Company, First Regiment, Tennessee Volunteers, whitch presumably was involved in the Mexican war.

There are 24 marked graves in the cemetery and several unmarked graves on the west side of it. One of the unmarked graves is that of Dr. George Lindemood, who died around 1880, probably a middle-aged man. He was a brother-in-law of Judge E. J. Langdon.

There will be one more person buried in this cemetery, and that is Miss. Louise Blanche Langdon. She was born in 1889.

Edwin James Langdon, was born in Middlebury, Vermont, Aug. 7, 1819 son of Hiram & Mary "Polly" Dowd Langdon, both of Scotch descent. On June 22, 1847 he married Sarah Ann Americus Elizabeth Jane Glasscock, who came from near Jackson, Mo., she was of Scotch-Irish descent, being the daughter of Robert L. & Elizabeth Sullinger Glasscock. E. J. & Sarah had 9 childred, 5 of them surviving to adulthood. They were; Truman Curtis, William Hayden, Charles Van Meter, Albert Jewett, & Hettie Douglass.

Horner Cemetery

Recorded in May 1972, this cemetery is located in Dunklin County - Clay Township - Section 5 - Range 9E. In the Dunklin County Historical Society Book Vol. I there is an artical by Rev. L. M. Lemonds that states, "In February 1832 Thomas Neel and his wife's father, Mr. Ray came to this county. Mr. Ray was killed, by being thrown from his cart, and was the first person buried at the old Horner burying grown." Also in Vol. I Mrs. Hettie H. Bradley tells about William H. Horner (who I beleve is burried in the Horner cemetery although I could not find a stone for him.) Mr. Horner was born in Tenn. in 1795, he build the first house in Horner-ville in 1832, laid out and established the town of Hornes*ville in 1840. Mrs. Bradley also talks about the Brannums. "The Brannums and Horners came to Hornesville and vicinity in the early 1830s. Michael Brannum was born is South Carolina in 1777. When he came here his family consided of his wife, Aquilla, his son, Tecumseh, named for the famous Indian chief of Ohio, who became a General in the English Army. His daughter, Victorine, sometimes given as Victoria, who became the wife of John Z. Horner, who was born in Tenn. in 1821. Victoria Horner Brannum was born at Little Prairie (now Caruthersville) Mo. Jan. 7, 1817 died in Hornesville July 7, 1916 and is buried at the Horner graveyard." There are many unmarked graves in this cemetery.

REMEMBER, CHRISTIAN SOUL,
THAT THOU HAST THIS DAY,
AND EVERY DAY OF THY LIFE;

God to glorify.

Jesus to imitate.

A soul to save.

A body to mortify.

Sins to repent of.

Virtues to acquire.

Hell to avoid.

Heaven to gain.

Eternity to prepare for.

Time to profit by.

Neighbors to edify.

The world to despise.

Devils to combat.

Passions to subdue.

Death, perhaps, to suffer.

Judgment to undergo.

---- Saint Augustine ----
